Description

The Mazarin 55 HYBRID with Parallel Hybrid propulsion represents the next evolution in luxury power catamaran design— combining high-performance diesel power with advanced electric technology to deliver a quieter, more efficient, and environmentally conscious cruising experience. Engineered for discerning owners seeking both luxury and innovation, the Parallel Hybrid system seamlessly integrates twin diesel engines with electric propulsion, allowing the yacht to operate in multiple modes depending on cruising conditions and owner preference. The result is enhanced fuel efficiency, reduced emissions, lower noise levels, and exceptional operational flexibility without compromising performance. At displacement speeds, the Mazarin 55 EVO offers remarkable fuel economy and extended cruising range, while still delivering powerful acceleration and impressive cruising performance when required. The hybrid system also enables near-silent electric operation for marina maneuvering, anchoring, or relaxed coastal cruising — creating a more peaceful connection with the sea. Built with advanced hull engineering and contemporary European styling, the Mazarin 55 EVO combines exceptional seaworthiness with expansive onboard living spaces. Luxurious interiors, panoramic glazing, and seamless indoor/outdoor integration create an atmosphere of modern elegance and comfort throughout the vessel. Highly customizable to suit each owner's lifestyle, the Mazarin 55 EVO is available in multiple layout configurations, including private owner versions and charter-focused arrangements. Spacious guest accommodations, refined entertainment areas, and intelligent onboard systems make the yacht equally suited for long-range exploration, family cruising, or luxury charter operations. With cutting-edge hybrid technology developed in partnership with E-Motion Italy, the Mazarin 55 EVO represents a forward-thinking approach to luxury yachting — where innovation, sustainability, comfort, and performance exist in perfect harmony. Elegant, efficient, and technologically advanced, the Mazarin 55 Hybrid sets a new benchmark for the future of luxury power catamarans.

NOTES: Price is on the base model powered with twin Yanmar 170 hp and E-Motion hybrid System.

Available engines:

Yanmar 4LV 250 HP

Yanmar 8LV 350 HP

Yanmar 6LV 440 HP

Extras price list upon request

Delivery time 10 months.

Price is FOB Qingdao, China and does not include VAT and other applicable taxes, freight and handling fees.

Technical Data

2 x 145 Kw Electric Motors – with clutch system
2 x 15 Kw Inverters
2 x Shorepower Battery Chargers
2 x 12” Monitor Displays / Control Panels
Shaft Alternator Chargers x 21
0,200 W Solar Array – Renogy “ShadowFlux” Slimline Rigid Solar System Incl. MPPT Controllers,
Accessories – Rebated Flat with Air Ventilation
78.2 Kw/Hr @ 652V – Lloyds / RINA – approval Certified Battery Pack, by CATL
Classification: CE-A

Construction

GRP - Vinyl Ester Resin - vacuum infusion
Gel coat surface – Ashland p/l
Strengthening simplex - hull Structure
Upper sandwich structure of the GRP hull – Vinyl Ester -
Sandwich structure of the GRP flybridge – Vinyl Ester -
Deck and keel - reinforced by Carbon Fiber
Ultra light weight glass & carbon - sandwich composite construction
Under waterline epoxy Primer - black anti-fouling paint - HEMPEL

Flybridge

Access stairs to cockpit
Large fly hard top – 43 sqm
Supports for hardtop
Drainage system
Arc sofa fixed on the floor – or as per layout floorplan as per client layout preference
Round table with sintered stone tabletop – or as per layout variations
L shaped sofa with storage room
Table with SS 316 fixed base pedestal
Cabinet with sink and faucet
Windscreen for fly – or open option as per client request
Stainless steel handrails
Camera on radar mast
LED navigation lights x 5 – AQUA SIGNAL
Electric horn on aft top of flybridge
Radar mast
Fusion outdoor speaker 1 pair
10x ceiling lights for flybridge hardtop
4 x courtesy lights for fly sofa
Flybridge Helm
Double helm seat
Instrument console
Carbon fiber steering wheel
Hydraulic power steering
Raymarine 12" chart plotter and VHF
Motor monitoring systems with display
1*AC 230V socket, 1*USB

Deck

Stainless steel guard rails and handrails
Stainless steel anchor 40 kg with 50 m SS chain 10 mm+rope 50
Electric anchor windlass, 1700W Lewmar
Stainless steel hawse w/ roller on the bow
316L Stainless steel cleats*8
2*Forepeak Stowage for fenders
Fresh water filler*1
Fuel fillers*1
Port & Stbd flush hatch
Lewmar x 4
Camera on bow x 144
2 x trampoline

Aft Cockpit & Stern

Large settee & door side sofa - Sunbrella
Foldable table*1 – Stainless pedestal
Manual stainless steel sliding door to saloon – Optional sliding door design, in accordance with salon layout preferences
Front & side windows - smoked glass 13*Aft ceiling lighting – IP66
Access to engine room
Bathing ladder integrated in bathing platform
Connection for deck washing system

Saloon Helm Console

Double helm seat
Carbon fiber steering wheel - Osculati
Raymarine navigation system
Motor monitoring systems with display – as per Engine manufacturer
Control unit for windshield wiper
Control unit for anchor winch
Compass 1*AC 230V socket, 1*USB - VIMAR
Waterproof Marine – foundation & furniture
High quality artificial leather, UV resistant
Sunbrella fabric for sofa
Engineered wood, or Synthetis veneer for furniture – as per interior cabinetry preference
Sirca Painting system

Salon

Air conditioning outlets – 16000BTU – Frigomar Italy
