## Description

Whatever angle you take, the Oceanis 45 is a balanced sailing yacht. A very well-proportioned cruiser, she leaves in her wake some very fine performances.

### EXTERIOR DESIGN

On a very stable seaworthy hull, the Oceanis 45's deck plan clears space and simplifies manoeuvring. She has made very good progress in her ability to combine sailing speed and the pleasure of living on board. Long cruises are now much safer.

### INTERIOR DESIGN

Ranging from two to four cabins, the Oceanis 45 offers several layout versions, clearly differentiating it in its category. The three cabin and three bathroom layout is a perfect example. The interior ambiance has great scope for personalization in the choice of contemporary light oak or a more traditional Mahogany.

### CONFIDENTLY ANSWERING THE CALL OF THE OCEAN

The Oceanis 45's many innovations simplify life on board as much as they do sailing. The ocean beckons.

### COCKPIT

Safe and very convivial, the enormous cockpit is equipped with a table that can contain a refrigerated icebox. It also features a tactile multi-function screen and outdoor lighting.

### 45° COMPANIONWAY

The mainsail arch, characteristic of all the large Oceanis yachts is an important innovation that has led to many architectural developments, among which is a very gently sloping 45° companionway.

### PACK PERFORMANCE

The performance of the Oceanis 45 is greatly boosted by the Performance Pack option. This includes a set of Elvström 'carbon' sails combined with the German System, used to trim all the sails from the helm station.

NOTE: Boat has been chartered. Sails from 2022. Good overall conditions.
