Description

The Mazarin 55 Catamaran - EVO II - Serial Hybrid is a high-specification luxury hybrid-electric catamaran designed for efficient long-range cruising, advanced sustainability, and premium onboard comfort. Built to CE standards, this 2024 model features the optional large flybridge and was custom-built with carbon fiber reinforced keel and deck structures for additional strength, reduced weight, and improved performance.

Powered by an upgraded hybrid-electric propulsion system, the yacht is equipped with twin 150kW electric motors, a Yanmar 72kW DC generator, a 225kWh 400V lithium battery bank, and a 10kWh solar charging system, providing quiet, efficient, and continuous propulsion capability. The vessel combines modern hybrid technology with luxury craftsmanship, offering a refined cruising experience with reduced fuel consumption and lower environmental impact.

The yacht is further enhanced with a wide range of premium owner-selected upgrades, including:

- Large flybridge option
- Carbon fiber strengthened keel and deck
- Twin thrusters
- Watermaker
- Exterior teak decking
- Upgraded navigation electronics
- Liferaft package
- Advanced hybrid-electric drive system

With spacious living areas, modern panoramic styling, and sophisticated engineering, the Mazarin 55 Hybrid Electric is designed for owners seeking luxury, innovation, and sustainable cruising performance in a contemporary power catamaran
