## Description

To achieve this aim we designed the Bordeaux 60'.

At a time when one is eager of everything, the serial Bordeaux 60' brings the pleasure of superyacht. The central living area, located at the maximum beam in order to reduce the effect of pitching is very large (close to 5 m), raised and abundantly lit through the panoramic windows of the coachroof. Meeting point of life on board, it gives access to the owner's cabin, aft or forward at choice, and to the aft cockpit.

The aft cockpit is well protected, and gives direct access to the sea by way of the opening transom which doubles as a door to the tender garage. Flush deck forward, high ratio rig, plumb stem, moderate displacement and waterline beam, reduced wetted surface of appendages are characteristic of performance. Aesthetics shows reality, as we wanted the Bordeaux 60' to be a fast boat, to reach quickly beyond the horizon and foremost to bring pleasure when sailing her.

### Sails:

Four-battened genoa with Fibercorn Pro radial

hybrid (Dyneema) 2024 (82.00 m<sup>2</sup>), Code 0

North Sail ZZP laminated fabric, Full mainsail

Five-batten Fibercorn Pro radial Hybrid

(Dyneema) 2024 (94.00 m<sup>2</sup>), Staysail

### Electronic navigation equipment
