Description

The **Saxdor 400 GTO** is a cutting-edge Scandinavian sports cruiser that combines **high performance, innovative design, and exceptional onboard versatility**. Developed by Saxdor Yachts, the 400 GTO has quickly become one of the most sought-after models in the premium 40-foot dayboat segment.

Built on a **twin-stepped deep-V hull**, the 400 GTO delivers an impressive blend of speed, efficiency, and seaworthiness, while maintaining outstanding comfort and social spaces for day cruising or weekend escapes.

Performance & Hull Design

Powered by twin Mercury Verado outboards ranging from **300 to 400 HP each**, the Saxdor 400 GTO reaches:

- **Top speeds of 45–48 knots**
- Comfortable cruising around **25–35 knots**

The lightweight GRP construction and aggressive hull geometry provide:

- Fast acceleration
- Excellent fuel efficiency
- Stable handling in rough conditions
- Precise maneuverability at all speeds

The twin-stepped hull ensures a soft and dry ride, making the yacht equally capable for coastal cruising and offshore passages.

Interior & Layout

The 400 GTO offers a modern and highly functional layout with:

- **2 cabins**
- **1 bathroom**
- Accommodation for up to **5 guests**

The lower deck typically includes:

- Spacious forward owner's cabin
- Midship guest cabin
- Separate bathroom with shower
- Optional children's berth

The interior combines Scandinavian minimalism with premium finishes and excellent natural light.

Exterior Living Spaces

One of the yacht's signature features is its **fold-down side terraces**, dramatically expanding the cockpit area and creating a unique "private island" feeling while at anchor.

Exterior highlights include:

- Large aft social cockpit
- Convertible dining/lounge area
- Expansive sunpads
- Hardtop with sliding roof
- Wide side decks for safe circulation
- Twin swim platforms

The open wheelhouse extends across the full beam, seamlessly connecting interior and exterior spaces.

Boat in excellent conditions with very low engine hours.
