Description

The natural evolution of the 94', the first model of the custom line fleet. The 97' is the result of a restyling of the internal and external layouts which allowed to have 4 double guest cabins in the interior bridge; one extra with respect the previous model. Additionally, as a result of attentive studies the innovative window feature in the lower deck allows to enjoy a unique view of the sea. The external spaces have been renewed; the introduction of a hard top in the flying bridge allows the creation of shade and light areas by opening or closing the top. The stern garage has also been enlarged and covered with teak wood that creates a further platform to assist the descent into the sea.

Launched in 2007 by the renowned Italian shipyard Ferretti Group, the *Custom Line 97* offers elegant interiors, spacious decks, and a salon and dining area designed as an open-plan living space.

A welcoming lounge area is located aft, featuring a comfortable sofa, coffee table, and entertainment system—perfect for relaxing in style.

The yacht accommodates up to 10 guests (9 adults + 1 child) in 4 beautifully appointed cabins, all with en-suite facilities, comprising 3 double cabins and 1 twin cabin with bunk beds.

The stunning flybridge is the ideal place to unwind, whether enjoying the jacuzzi, hosting a barbecue with friends, or taking in a breathtaking sunset.

She also benefits from a highly professional crew of 5, ensuring a seamless and unforgettable yachting experience.
