Description

The **Lagoon 42** is one of the world's most successful cruising sailing catamarans, combining elegant design, exceptional comfort, and reliable sailing performance. Designed by **VPLP Design**, with exterior styling by **Patrick Le Quément** and interiors by **Nauta Design**, it was created for both private owners and luxury charter operations. Since its introduction, it has won multiple international awards for its innovative design and onboard comfort.

At 13.22 meters (43'4") in overall length, the Lagoon 42 offers generous living space with a bright panoramic saloon, a fully equipped galley, and spacious cabins accommodating from 6 to 12 guests, depending on the layout. Large wraparound windows flood the interior with natural light, while the seamless connection between the cockpit and saloon creates an open, sociable environment ideal for cruising and entertaining.

The yacht features a self-tacking jib, an aft-positioned mast, and a centrally located helm station, making it easy to handle even with a small crew. Twin diesel engines provide dependable maneuverability in marinas and during coastal cruising, while the catamaran's wide beam ensures excellent stability and comfort both underway and at anchor.

Whether used for private family cruising, long-distance voyages, or luxury charter operations, the Lagoon 42 delivers an outstanding balance of performance, comfort, and practicality. Its modern styling, spacious accommodation, and proven resale value have made it one of the most sought-after sailing catamarans in its class.
