## Description

### Mazarin 55 Electric Power Catamaran

The Mazarin 55 Electric Power Catamaran represents the next generation of luxury yachting, combining innovative electric propulsion with exceptional comfort, efficiency, and contemporary design. Engineered for owners seeking sustainable cruising without sacrificing performance, this 55-foot catamaran delivers a quiet, smooth, and environmentally responsible boating experience.

Her spacious layout features expansive living areas with panoramic views, a bright and modern saloon, a fully equipped galley, and generous accommodation options for family and guests. The flybridge provides ample seating, sunbathing areas, and excellent visibility, making her ideal for both entertaining and extended cruising.

Powered by twin electric motors and supported by a high-capacity lithium battery bank with integrated solar charging, the Mazarin 55 offers silent operation, low maintenance, and significantly reduced operating costs. A hybrid configuration is also available for owners requiring greater cruising range and higher speeds.

### Key Features

- Innovative twin electric propulsion system
- Optional hybrid-electric configuration
- High-capacity lithium battery bank
- Integrated solar power generation
- Spacious flybridge with helm station
- Bright panoramic saloon
- Modern fully equipped galley
- Multiple luxury cabin configurations
- Quiet, vibration-free cruising
- Low operating and maintenance costs
- Ideal for coastal cruising and extended voyages

The Mazarin 55 is designed for discerning yacht owners who value innovation, luxury, and sustainability, delivering an exceptional cruising experience with minimal environmental impact.
