Description

The Nauticks N62 Power Catamaran is a luxury 19.1 m (62.7 ft) power catamaran designed for long-range cruising, liveaboard comfort, or charter operations. It combines a very wide 10 m (32.8 ft) beam with a shallow draft of about 1.4–1.5 m, providing exceptional interior volume and stability while retaining access to shallow anchorages.

Accommodation

5 guest cabins

5 bathrooms

Separate crew accommodation (2 berths)

Large panoramic saloon

Fully equipped galley

Multiple indoor and outdoor dining areas

Notable Features

Flybridge with Jacuzzi

BBQ

Station and wet bar

Hydraulic swim platform (800 kg capacity)

Air conditioning throughout

Raymarine navigation

Watermaker

Generator

Burmese teak decks

Power

Twin Yanmar 440 hp

Cruising Speed: 12 Kn

Max. Speed: 15 Kn

Fuel Economy 100 l/ph

Fuel capacity: 4,000 L diesel

At slower displacement speeds, fuel consumption would be substantially lower (exact figures depend on loading, seastate, and engine settings). Compared with many 60-foot planing yachts, the N62 is likely to deliver considerably better range per litre of fuel when cruised at 9–10 knots

Range

Although the builder does not publish an official range figure, the combination of 4,000 L fuel, semi-displacement hulls, and twin 440 hp diesels suggests the yacht is designed for extended offshore passages, making 500–1,000+ nautical mile legs plausible depending on cruising speed, reserve fuel, weather, and loading.

Structural Engineering

Noteworthy construction features include:

Vacuum infusion

PVC foam core

Full sandwich laminate

Stainless steel shafting

Hydraulic steering

2 Bronze propellers

Ocean-rated CE-A structure
