## Description

Nadara 26 fly is dash, harmony and excellent performance and at the same time elevated class. The space for living in the sun is extraordinarily vast both on the upper deck and in the cockpit. The style of the comfort in the day and in the night areas is decidedly prestigious. Rather than a boat it seems like staying in a large, luxury apartment with every possible comfort. Utmost personalisation not only in the furnishing but also in the division of the environments. Completely modifiable according to the owner's needs.

Refit in Progress | Zero-Hour Caterpillar Engines

This Tecnomar Nadara 26, built by Tecnomar, is currently in a shipyard undergoing refit, presenting a highly attractive opportunity for a discerning buyer.

In August 2025, the yacht was equipped with rebuilt, fully overhauled zero-hour Caterpillar engines, supplied with official factory warranty. Additionally, the original engines are included in the sale — one in good working condition and the other requiring regeneration — representing significant added value. Photos and videos of the refit progress are available upon request. The yacht is located near Catania, Sicily.

Accommodation & Interior

Designed for performance and excellent seaworthiness, the Nadara 80 also offers spacious and refined interiors accommodating up to 9 guests in 4 cabins.

The main salon, accessed from the aft cockpit through a manual double sliding door, features:

- Two comfortable sofas with circular table
- 30" LCD TV with Bose stereo system
- Separate dining area with table for 8 guests

The fully equipped galley is fitted with premium Miele appliances, including oven, microwave-grill, ceramic hob, refrigerator, freezer, dishwasher, and ice maker.

The sleeping area includes:

- Spacious full-beam Master cabin with vanity, 20" LCD TV, stereo, refrigerator, and en suite bathroom
- VIP double cabin with 15" LCD TV and stereo
- Two guest cabins (one double, one twin with additional Pullman bed), both with 15" LCD TVs, stereos, and private bathrooms

Separate crew quarters ensure privacy and operational efficiency.

Exterior & On Deck

The exterior spaces are designed for comfort and relaxation:

- Large sunbathing areas with generous cushions
- Spacious aft cockpit for al fresco dining
- Flybridge with circular sofa, dining table, refrigerator, freezer, hob, and electric grill
- Bimini top
- Chromotherapy jacuzzi
- Swim platform for easy sea access
- Tender garage aft

A compelling package combining performance, comfort, and mechanical peace of mind thanks to the new zero-hour engines — an excellent opportunity in today's market.
