## Description

A stunning cruiser/racer designed by celebrated Italian designer Luca Brenta, the Maxi Dolphin 65' represents the latest concept in medium-light displacement yachts. She is designed for high performance under sails without sacrificing interior space.

The accommodation includes a large double berth owner's cabin located to the fore, an immense open-space saloon amidship, with the galley area in full view, and two aft guest cabins, each with twin berths. All the cabins have their own en-suite bathrooms. Accommodation for two crew members is located in the bow. KALAO thus offers both performance and comfort. This complicated balance is the result of careful research by Luca Brenta, which has been put to best use by the skilled construction team at Maxi Dolphin.
