Description

The Solaris Power 44 Open is a luxury motorboat that combines the elegance of Italian design by Brunello Acampora with exceptional nautical performance.

It stands out for its deep-V hull, which ensures an extremely smooth, dry, and quiet ride even in rough seas.

The cockpit is a spacious relaxation area with a dinette and a large sundeck, which can be further expanded with the optional folding side bulwarks, creating a true "terrace over the sea."

The helm station is protected by an elegant T-Top, and the foredeck features a second, spacious sundeck.

Below deck, the 44 Open offers two double cabins, including a forward master stateroom, and a spacious bathroom with a separate shower.

The perfect choice for those seeking a sporty and luxurious day cruiser.
