## Description

Enhanced by the facelift performed by Christian Grande's Parma-based design firm, the interior of the M44 HT is elegant with a contemporary, functional and attractive style. The space is well organised, with the design making the most of the volumes.

The soft top provides maximum protection to the cockpit, at the same time offering a large opening which transforms the Cranchi M44 HT into an authentic open top when required. When you wish to be more sheltered, on the other hand, the excellent insulation of the roof creates a warm and closed space. The top covers the dinette which is back of the pilot station, while on the left is the galley unit and the chaise-longue which makes use of the roof opening for sunbathing.

The instrumentation layout on the pilot station is particularly charming, combining analogue gauges with digital monitors.

One owner boat.

Last bottom paint in March 2025.

Last engine service October 2025.

Turn key boat.

Contact us for more details.

## Information & Features

### Volvo Penta D6 EVC/E/DPH (Engine 1)
